REPUBLICAN MEETINGS

The following Republican meetings have been arranged, and will take place on dates noted, and will be addressed by prominent Republicans:

High school home, October 22.
State School House, Wednesday, the 22d.
Salon township, October 23.
River side, October 24.
Dorley, October 24.
Mulvane, October 25.

T. B. WALL, Chairman.
A. B. WRIGHT, Secretary.

Plastering was yesterday begun on the first story of the Black block.

Dr. T. D. Davis moved his office into the new building yesterday.

The brick work has been started at the Zimmerman block on Market street.

The inside gas fixtures were yesterday placed in the Wichita cracker factory.

Don't forget to register at the city clerk's office. If you do forget you will lose your vote.

The building at the Methodist church has progressed so far that work has begun upon the roof.

A bunch of boys has been found and can be seen at the store of E. D. Miles, near the Tremont house.

The Wichita cracker factory has connected their establishment with the telephone exchange.

A gentleman just in from Kingman says the recent heavy rains did not reach as far west as that city.

O. H. Bentley and W. S. Morris conducted the first law suit ever tried in Greenwald on the Ft. Scott road.

Those who are hereby notified that the registry books will be closed on Saturday.

Wheelock & Co. have opened a second hand store in the building lately occupied by Wells & Bros. as a restaurant, on Douglas avenue.

The local Democratic committee request citizens and business men to decorate on the occasion of the coming of the governor of the state today.

The Rev. S. B. Fleming, of Arkansas City, will preach at the Presbyterian church next Sunday. It is expected that the church will be regularly supplied hereafter.

Wm. J. Lampert appeared before Justice Thomas yesterday and swore out a warrant against Frank Poe for disturbing the peace. He will be up for trial today.

Let it be recorded for 1934 that the first killing frost appeared in this section on the morning of October 22d. Now for a couple of months of delightful weather in the main.

There will be a meeting of the Woman's Guild at the residence of Mrs. Alex on Lawrence avenue, Thursday, Oct. 25d. A full attendance is requested. By order of the president.

Bradford & Trumbull, of Ottawa, Ill., have rented the corner room of Black's new block on Douglas avenue. They will occupy it as a warehouse, with a stock of goods for furnishing goods.

Those who fail to register between now and Saturday night will be denied the privilege of voting for these two great and important American senators, James C. Blaine and John A. Logan.

The Democrats must have an excellent opinion of the state of affairs in the city, as they have elected a committee of decoration without a single vote.

Some old disposed person threw a chunk of brick against the glass window of Benson's jewelry store night before last. It happened to hit the window ash, thereby saving the glass and only slightly fracturing the pane.

There was an unusually large crop of street fakes on deck yesterday. One fellow had a regular little portable store on the corner of Market and Douglas. Another had some patent grease extractor and had his head covered with hatter.

The side walls of the Dodge & Co. building are up two stories and the splendid pressed brick front is fast rising heavenward. The work on this block is being prosecuted very rapidly and at the present rate will soon be completed.

Ground was yesterday broken in the rear of the Black building for an addition to the hotel department. This will be 20x30 feet and three stories. It will be attached to the main building and will be dedicated to the use of the kitchen and quarters for the attendants of the hotel.

A very pretty piece of decorative painting is being done on the side door and window of Biting Bros. store. Alex has the contract. He has done the work which is saying enough, as he is perhaps the best artist in the city.

Charles S. Edmonds shipped yesterday morning to Los Angeles & Son, Peabody, Kansas, ten thoroughbred Poland China pigs. Of course the fine and fine Los Angeles & Son are well posted in fine bred hogs to be decorated, and of course they paid for them.

The condition of the weather was yesterday favorable for the burning of the straw along the railroad and some of this work, that is a precaution for the protection of property, was prosecuted along the line of the Santa Fe near the brickyard south of the city.

H. G. Lee, the enterprising real estate agent of our city, has just gotten out a neat and very useful business card, upon the reverse side of which is arranged in correct order the streets of the city. This is a very useful and handy little article to carry in the pocket being a very clever scheme for advertising his business.

Mr. A. M. Viole, who has for some time past held a position with the Biting Bros. has launched his fortunes with the Famous Clothing Company. Mr. Viole is a popular young man, and a first-class salesman, and Mr. Goldstein, to be congratulated upon securing his services for the new and first-class furnishing house of East Douglas avenue.

P. V. Healy's new office is a daisy. It consists of two commodious, bright, airy rooms separated by folding doors. The floor is covered with a neat carpet. In the rear of the inside room is a beautiful marble-topped washstand. Mr. Healy will be in nice shape to receive his patrons when the office is fully fitted up.

The Revell oil company has been dissolved, that is, Mr. Stockwell has retired from the firm though the business will be continued under the same name by Mr. C. R. Northrup. This company has gained an enviable reputation in our city for handling first-class goods, and it is a pity that it cannot be continued with it. It is a pity that it cannot be continued with it. It is a pity that it cannot be continued with it.

A gentleman's gold-headed walking cane will be among the many attractions of the Catholic fair at the skating rink. Republicans and Democrats will have a chance to view this valuable cane to their most popular candidate for the presidency. Also a solid silver speaking trumpet to be voted to the most efficient and popular member of the fire brigade. We hope the best man will get it.

News received in this city yesterday morning of the death of Mrs. M. G. Shinn, at her home, two miles south of this city, where the funeral services will be held today at 1 o'clock. The funeral will be held in Highland cemetery. Mrs. Shinn was quite aged, she had lived a long and useful life, and at the time of her death was 80 years of age. She was a native of Ohio and had resided in this city for many years. She was a member of the Methodist church and was very active in its work. She was a kind and generous woman, and was loved by all who knew her. Her death is a great loss to the community.

Mr. J. G. Panko, of Cincinnati, who wrote a letter during the time our fruit was on exhibition and which letter was published, arrived in the city yesterday morning. It will be remembered that Mr. P. wrote in reference to the establishment of an iron manufacturing enterprise which he and his brother proposed to establish somewhere in the west. He will remain in the city a week or two during which time he will thoroughly inspect and study up the situation and the prospects. Mr. Panko is a young man but a solid one as his address readily makes evident, and he is well known as much of the present status of Wichita in a week as many of its oldest settlers have not the least doubt. He is an officer of the Ohio Mechanics Institute at Cincinnati and comes highly recommended.

MARRIED

Married October 19th, 1934, Mr. Abraham McAttee, Miss Anna Richey, at the residence of the bride on Water street. The marriage of this young and highly esteemed couple was honored with the presence of our best citizens, who presented them with many nice bridal presents, some of which were very valuable.

The bride is a member of our church. We wish them a happy success.

THE PUBLIC HEALTH

Hearing that a good deal of sickness prevailed in the city a reporter called upon the principal physicians of the city yesterday, to ascertain the truth of the statement. In reply to questions on that point the doctors replied that there was but little sickness and nothing of a serious nature. There were a few isolated cases of malarial fever, one or two of which had assumed a typhoid form. The health of the city was never better than now, considering the increase in population.

WHO WILL HELP HER?

A very sad and sudden death with a few days ago was that of Brother Jordan Bivens, a member and pastor of the Second Baptist church, of Wichita, who died Oct. 20th, after nine days of sickness. He leaves a wife and six children to mourn his loss. The health of the city was never better than now, considering the increase in population.

—Q. Campbell, from the vigorous young town of Canaway Springs, came up to the metropolis yesterday morning. He reports the springs as booming, and making strong strides toward the front.

—P. H. Pumpelly, who has been visiting in Missouri for two weeks past, says the cause of Mawhood is not known in that state, and that he will stand no more show for electricity than a blind man at a shooting match.

—Mr. George M. Ewing is in the city in the interest of the Story and Clark Organ Company. This is the oldest factory in Chicago, and like wine their instruments have improved with age until they stand in the front rank if not in the extreme lead.

—J. C. Gillen, of Ottawa, Ill., is in the city. He is looking for an opportunity to go into the real estate business. He says that he has traveled all over Iowa, Nebraska, Colorado and Kansas, and that he likes this city and county better than any place he has been since he left home.

—D. W. McCall, a prominent stock man of Chetopa, paid our office a visit last night. Mr. McCall, through reading the Eagle, has become convinced that there is a great future before our city and has come to make some investments in city lots and farm property. A long head needs no prompting and figures and facts speak for themselves.

—Charles Smith, who left our city some ten days ago for Germany, returned to the city yesterday, after a splendid visit to his old home in the Fatherland. There is a many a fine sight, much information, and great satisfaction in such a long trip and extended visit, as Mr. Smith is to be congratulated upon seeing what strikes the eye of every citizen about as often as does lightning.

—Mr. Philip Dieter, a former and well known citizen of Wichita, who resided with his family in this city from the spring of 1872 till 1882, but is now doing business at El Paso, Mexico, arrived in the city yesterday from the east where he had been on business. His many friends, including his old partner, were very glad to see him, and he was kept busy all day shaking hands. He was kept in town only a day or two, as his business calls him back. It is said that Phil is getting rich, and here's one that's glad of it.

The third story of the Green and Hays block is being topped out. The brick walls are completed, and the beautiful front of pressed brick and white stone trimmings, will be finished in a day or two. The marriage of this young and highly esteemed couple was honored with the presence of our best citizens, who presented them with many nice bridal presents, some of which were very valuable.

A highly interesting debate was held by the members of the high school debating society, the subject under consideration being: "Resolved, That free trade is more beneficial to the nation than protection." The negative was ably sustained by H. Dunbar, while D. Stafford made an eloquent speech in support of the affirmative, but was defeated, protection winning the day.

The freight train on the Western & Wichita was loaded down with people yesterday morning. The caboose was packed full and there were twenty-one on top of it. It is a wonder the company do not not put a coach on the train. The time of traveling suits the people of this much better than that of the passenger train.

There was an excited crowd in front of H. G. Lee's land office yesterday, discussing the political situation and trying to make bets on the result. There were no bets made on the result. There were no bets made on the result. There were no bets made on the result.

An item appeared in the Beacon last night stating that a marriage license was issued yesterday to George Seward and Grace Cowens. The facts are that they were married the day before yesterday and that they took yesterday morning's Eagle, containing a notice of the marriage, home with them. Sedgewick City long before the Beacon knew that the marriage license had been issued. The Beacon had better be a little more precise.

One of the jolliest parties that ever left Wichita for an evening's pleasure, glided right by last evening to the prairie to Miss Bradshaw's about four miles south of town, arriving at our destination, where were cordially greeted by Miss Bradshaw, and brother who endeavored to make the party more jovial by inviting us to eat, drink and be merry, which I am sure every one did. The evening was spent in dancing, singing, etc. About 12:30 a. m. the party took their departure for home, feeling pleased with their evening's amusement, and thanking Miss Bradshaw for the delightful time spent.

About midnight night before last there were a crowd of tramps congregated at the corner of Douglas and Fourth avenues. They appeared to be drunk and made night hideous with their howlings. They could be heard at the corner of Main street. One called to the others who were going west on Douglas avenue intending to camp out on the west side. "Let us go and take in a box car." Another said, "Where in h— will we get a box car?" They appeared to have the town to themselves, and the way their voices rang on the midnight air was a caution.

THE LAST ROSE OF SUMMER.

From the beautiful collection of fall and party down delicate tea roses found upon our table yesterday morning, we conclude that Charles Parson is one of the fortunate fellows who is never compelled to sing "The Last Rose of Summer" for his roses bloom all winter. In the collection sent yesterday morning are twelve varieties, and no two of the same color. The dew and frost of the morning was still on them, and it would be hard to imagine anything more beautiful while their fragrance filled our sanctum. Charles Parson's success as a cultivator of the tea roses has been alluded to by our friends in these columns, and we are glad to know that he is prepared to supply any one with the choicest and healthiest plants, correctly named in every instance.

THE GREENWICH MEETING.

The Republican meeting last night at Greenwich was addressed by R. D. Hatfield and Captain Balderson, was a gratifying success. One hundred and three persons were present, and the feeling was all that could be desired. The meeting was called to order by C. W. Fanning and E. P. Phillips presided. Mr. Hatfield discussed the tariff question in an able and comprehensive manner, showing the bearing of the tariff on the producer of the home market. He also discussed the duties of the office and wherein such officer could guard the interests of the taxpayer. Although the meeting at Greenwich was very pleasant, unanimous and satisfactory.
